## J. A. SWAYZE COUNTY WARDEN

Choice of Lincoln County Council For Position — Committee Chairmen Named

J. Arthur Swayze, Reeve of Grimsby, was elected warden of Lincoln County on Tuesday, his opponents being Reeves Woodruff, Copeland and Osborne. Only one ballot was required. Heads of committees were named by the council, J. E. Lawson, Reeve of North Grimsby, was appointed chairman of the Road Committee and Reeve Wilkins, of Grimsby, chairman of the Educational committee.

Reeve Wilkins has also been appointed a member of the Old Age Pension Board.

Standing Committees for the year were appointed as follows:

Finance—W. T. Frailek, chairman, and the whole council.

Roads—J. E. Lawson, chairman, and the whole council.

Education—P. E. Wilkins, chairman, and the whole council.

Industrial Home—P. M. Parker, chairman, and the whole council.

Printing and Building—J. R. Stork, chairman, and C. A. Ansell, A. E. Woodruff, R. E. Book.

Agriculture—H. Copeland, chairman, M. Stirling, C. W. Culp, S. H. Rittenhouse, Alex. Groff, F. M. Parker, J. E. Lawson.

Assessment—S. H. Rittenhouse, chairman, and the whole council.

Legislation—W. H. Harrison, chairman, and the whole council.

Reception—E. B. Osborne, chairman, and W. E. Nesbitt, C. A. Ansell, C. W. Culp, Alex. Groff, W. T. Frailek, J. R. Stork.

Correspondence—W. E. Nesbitt, chairman, and C. W. Culp, Wm. Mitchell, C. A. Ansell, E. B. Osborne.

Old Age Pension—R. E. Book, chairman, M. Stirling, P. E. Wilkins, and S. H. Rittenhouse.

## ROAD MATTERS WERE DISCUSSED

Lincoln And Other Counties Want Gov't To Bear Entire Cost of Highways Instead of 50 Per Cent

Consideration was given to the delegates of four counties, Westworth, Lincoln, Hamilton and Wellington, who interviewed Hon. Leopold Macaulay, minister of highways at the court house Hamilton, last week in regard to road matters.

Mr. Macaulay was introduced by Glover, pro-vice warden of the county, as chairman.

The delegates felt that in the four counties owing to the heavy volume of international traffic, that the government should bear the full cost of the highways instead of the present 50 per cent, and the 50 per cent they pay in areas near large municipalities.

It was pointed out how quickly the Ansonia and Niagara highways had worn out in comparison to the less travelled highways of other parts of the province and it was stated that these roads do not even last until the debeatment for them are paid.

It was stated that some roads are carrying three times as much traffic as the delegates pointed out that these roads, carrying such heavy traffic, bring greater revenue to the government in the form of gasoline taxes and special licenses for buses, and that the government should shoulder their cost.

Another point stressed was that connecting links in the highway chain which are only of benefit to motorists passing through but which do not add to the areas in which they are built, such as the Stony Creek cut-off, should be paid for exclusively by the government.

Mr. Macaulay stated that he was in sympathy with some of the requests, but that the government, as well as the farmer was suffering from a reduction in revenue. He stated, however, that he would give the matter his earnest attention.

## Joint Deputation of Grimsby Town And Beamsville Suggested

Grimsby and Beamsville, acting together, may send deputations to interview the Ontario Hygiene commission regarding removal of the old H. G. & B. radial tracks from the main streets of the two municipalities, it is understood. The council, according to current reports, have been unable to get replies to former communications in this regard.

## E. D. Smith & Sons Receive Big Shipment of Spanish Oranges

Messrs. E. D. Smith and Sons, Limited, Winona, recently received a shipment of six carloads of Sevilla bitter oranges from Spain which are being used in the making of Smith's high grade pure orange marmalade which enjoys a large and growing sale throughout the Dominion.

The utilization of this big shipment of oranges in the making of their high quality product is giving employment to quite a number of workers.

## Conservative Assn. Will Meet Here On February 3rd

A conference of the Conservative Association of the Provincial Riding of Lincoln has been called for Feb. 3 in the Village Inn at Grimsby. The executive will meet at the Village Inn at 8 o'clock on the afternoon of February 3, and their meeting will be followed by a banquet at 7 o'clock, which is open to all Conservative workers of the riding who wish to attend, up to 100, which is the limit of the tickets. A certain number are allotted to each district. The Grimsby allotment, it is stated, has all been disposed of. The guest speakers will be Hon. T. L. Kennedy, minister of agriculture; Thomas Mahoney, M.L.A.; Dr. Berry, M.L.A.; Mark Vaughn, M.L.A.; W. G. Wilson, M.L.A.; E. C. Graves, M.L.A., who represent the neighboring ridings.

## Pay Shelf At Library Is Being Well Patronized

The Pay Shelf at the Grimsby Public Library inaugurated last year in order to get absolutely new books into the hands of those willing to pay for them, is working out most satisfactorily. Three cents a day is charged for them and the revenue is used for general purposes. The books after they have been on the shelf for a certain period are put on the free shelf. The inauguration of this plan has enabled the Board to add to the free shelf more than one hundred books which otherwise would not have been possible. The books, owing to the care given them by patrons who have been using them, are practically new and are in this way made available to the general reading public. Ordinarily they would not have been available for about a year. The new books which are placed on the pay shelf are ordered before they are published so that the reading public has access to the latest books immediately after they are issued by the publishers.

## Many Attend "Burns Nite" Held By Grimsby Lodge

A "Burns Nite" staged by Grimsby Lodge, No. 369, L.O.O.F., on Monday evening provided a highly entertaining evening and attracted a big turnout of members, novel features adding to the enjoyment of the occasion.

Those attending were required to conform to a certain mode of dress and were forbidden to come dressed up under the penalty of a fine.

The invitations issued gave due notice of the attire to be worn with particular as to the amount of time to be imposed for non observance. The invitation read, "Cum drest in ure old close and have a good time. If U come drest up you will be fine like this." Pure dress collar 3 cents, silk box 62, tie 62 good shined shoes 65, white shirt 65, good coat and pants 65, admission 7 cents, every seventh brother pays double or 14 cents. A considerable number of fines were imposed.

After lodge a first degree rehearsal was held.

## Visits Grimsby Seeking Recovery of Car

A. J. Shillington, Niagara Falls, N. Y., was at Grimsby recently making an effort to recover a motor car which was seized by the Customs Department, Sunday, from Leonard Ford, a negro, of Niagara Falls, N.Y., when the latter was unable to show proper customs entry. Shillington alleges that he sold the car on a small down payment, and that Ford came to Canada in July with the car, since which time, Shillington says, he has been unable to collect his notes for the balance due.

THE LATE W. J. TAYLOR

Widely known and outstanding Canadian Publisher and owner of The Woodstock Sentinel-Review, whose death brought to a close a noteworthy career.

## JAIL BREAKER FIGHTS WARDERS

Attempt To Escape From St. Catharines Prison—Sentence of Two Years Imposed

Robert Kavanagh was sentenced to two years in penitentiary when he pleaded guilty to assaulting the governor and warden and attempting to escape from the Lincoln county jail.

An attempted jail-break was foisted by Turnkey Bernard Chene and Governor John Dundas of the Lincoln county jail Saturday night, but only after both had sustained painful injuries.

Robert Kavanagh, on remand on suspicion of stealing milk bottles, is alleged to have been responsible for the attempt. Chene was assaulting four prisoners and on returning to the cell, he said, was attacked by Kavanagh and the latter threw him into a cell and locked the door.

Governor Dundas heard the uproar and came to investigate. As he entered, however, Kavanagh struck him with the huge key. Dazed and bleeding, the governor clung to his youthful assailant and put in a red call to the city police.

## HERBERT D. GLOVER NEW WARDEN

Reeve of Saltfleet Honored By  
Colleagues of Westworth  
County Council

Election by his colleagues of Herbert D. Glover, reeve of Saltfleet township to the wardenship of Westworth county took place when the county council met for its statutory meeting Tuesday afternoon, when Mr. Glover was installed, the retiring warden escorting him to the chair. The session, which opened at 2 o'clock, was of short duration. After results of the recent elections in the various municipalities constituting Westworth county were read by John E. Peart, county clerk, and the members had taken their places, the meeting adjourned to reconvene with the status of a committee of the whole. Naming of a striking committee whose duty consisted of selecting the persons for the various committees of the council followed. This body will report its recommendations when the council meets again to-morrow morning.

In naming Mr. Glover the 1932 warden, the council followed a long-standing precedent by which elevation goes to the chairman of the roads and bridges committee of the previous year's council.

Mr. Glover was born reeve of the township of Saltfleet for a number of years, is a leading citizen of the district and his friends will congratulate him on the high honor which has come to him.

## Ladies of Town Relief Committee Met As Sewing Circle

The court room of the council chambers was a busy place on Friday afternoon, when the ladies of the Town Relief Committee met as a sewing circle and made several articles to be used in relief work.

These meetings will be held every week during the winter months, and the presence of any lady wishing to assist with the work, will be greatly appreciated. Date and time of meetings may be ascertained by calling Phone 579 or 165.

The committee sincerely thank Mrs. A. F. Hawke for her kindly action in placing the sewing machine for their use at the council chambers.

## TRIBUTES PAID W. J. TAYLOR

Fellow Publishers and Citizens In All Walks of Life Honor His Memory—Funeral At Woodstock

From distant cities and from the nearby countryside, came many fellow-craftsmen, friends and neighbors to the funeral of William James Taylor, proprietor of the Woodstock Sentinel-Review. They joined with the citizens of Woodstock in honoring the memory and work of the publisher who had served the community for twenty-seven years, the funeral being held on Friday afternoon last.

Hundreds thronged "The Gables," the Taylor home, at the service conducted by Rev. H. B. Ashby, rector of New St. Paul's Anglican Church. Others stood on the lawn and sidewalk.

"As from every walk of life, under all conditions, high and low, rich and poor, and every circle, we hear these words: 'He will be greatly missed,' said the clergyman, 'these flowers that speak to us of the glorious resurrection also testify to the same fact—he will be greatly missed.'"

Burial in Anglican Cemetery. Interment was in the Anglican Cemetery. It was the largest funeral held in the city for 25 years.

The City Council of Woodstock, rural councils and other public bodies in which Mr. Taylor was interested attended. Citizens closely associated with him were pallbearers, including John Ross Shaw, Thomas L. Hay, Henry A. Little, Kenneth W. Harvey, E. W. Nesbitt and H. M. McIntosh. Twenty employees of the Sentinel-Review bore the floral tributes sent by Canadian newspapers and other organizations in cities from coast to coast.

The three brothers, Garret M. Taylor of this city, Donald R. of Toronto and Melvin of Niagara, were the chief mourners.

Those in Attendance. Among the newspapermen and other attending were: Philip S. Muir, Kingston; Wm. W. B. Smith, Woodstock; the Canadian Daily Newspaper Association; W. J. Mads and T. H. Kay, Kitchener; Record; A. R. Kennedy, J. A. Twilley, A. E. O'Laughlin and C. G. (Continued on page 5)

## Fire Does \$1000 Damage To House At Grimsby Beach

A fire loss of about \$1000 resulted from a stubborn blaze which broke out in the house of David Walters, Grimsby Beach on Monday evening. The interior was badly gutted. The Grimsby Fire Brigade which was summoned by George Fair, Park superintendent, made a quick response and for nearly two hours fought the fire which, it is thought, was caused from an overheated stove. The fire was a difficult one to get at, the fire-proof roofing keeping the blaze from breaking through. No one was in the building at the time. The owner was visiting at the home of a friend at the time and did not know of it until notified by neighbors.

A passerby noticed the flames and notified the park superintendent.

Fortunately the house is some distance away from other properties so that there was no danger of igniting nearby dwellings.

The water pressure was unusually good, the firemen utilizing two lines of hose.

Many citizens gathered at the scene of the fire.

Would Form District Association—To Include Retailers of Grimsby

At a dinner held at the Welland House, St. Catharines last week, President Wallace, newly elected head of the Retail Merchants Association of Canada, explained to the merchants that it was the desire to form a district Association comprising at least one hundred members. In order to form a strong association it had been decided to include in the St. Catharines branch, Niagara Falls, Welland, Dunnville, Port Hope, Beamsville, Grimsby, Pt. Colborne, Merrickville and Thorold.

The speakers at the meeting were: Prof. W. J. Dunlop, Mr. Hoffman, Mr. Bosley and L. J. Bell, the last mentioned speaking on the advertising problem of the average merchant.

The importance of proper training for men intending to engage in retail merchandising was emphasized by Prof. Dunlop, director of the extension department, University of Toronto.

## INSPIRING SERVICES

Anniversary of Baptist Church Observed on Sunday—Large Congregations in Attendance

Very attractive and helpful anniversary services were held in the Baptist church on Sunday. The speaker was Rev. H. E. Stillwell, of Toronto, secretary of the Canadian Baptist Foreign Mission Board. In the morning Dr. Stillwell touched many hearts with a simple, helpful message based on the text, "If any man will follow Me, let him take up his cross daily." As a missionary to India for fifteen years and as a student of religious movements Dr. Stillwell has acquired an intimate knowledge of world conditions, and in the evening he emphasized the world-wide application of the text, "If I be lifted up I will draw all men unto Me." The Presbyterian and United church congregations, and the Baptist congregation of Beamsville met with the Baptists in the evening service. The choir was assisted in the conduct of the evening service by Rev. G. W. Wood, and Rev. H. E. Graham. The choir ably assisted by the Misses McMeekin, of Brampton, rendered excellent music at both services. The morning numbers were, Anthem, "Glory and Honour"; Duet, "An Everlasting Friend, and those of the evening, Anthem, "Jesus Lover of My Soul"; Duet, "Morning, Noon and Night"; Anthem, "Tarry With Me."

Annual Meeting. The annual business meeting of the Baptist church was held on Wednesday evening of last week. The men of the church served a bounteous supper, and as the congregation sat round the tables the business was conducted.

Encouraging reports were presented from all departments. The Ladies' Aid, presented Mrs. Wellington Walker with a beautiful flowering plant. Mrs. Walker has been president of the Ladies' Aid for a great many years, and is the oldest member of the church.

The following officers and committees were elected to serve for the year 1932.

Minister—Rev. Harvey Merrill. Clerk—W. L. Bengough. Treasurer—H. F. Gilmore. Assistant Treasurer—Palmer Hill. Board of Managers—The deacons and H. F. Gilmore, A. P. Norton, F. A. Oakes.

Board of Deacons—F. J. Jordan, W. W. Johnson, H. R. Grigg, S. J. H. Johnston, P. Hill, W. L. Bengough. Finance Committee—W. W. Johnson, F. A. Oakes, P. Hill, H. R. Grigg, H. F. Gilmore.

Property Committee—W. Cowan, T. Briggs, A. York, A. P. Norton, A. Davies.

Ushers—W. Cowan, H. F. Gilmore, C. H. Walker, Ewart Johnston. Choir Leader—F. A. Oakes. Assistant Leader—Mrs. H. R. Grigg.

Organist—Miss G. Orlinton. Assistant Organist—L. Gilmore. Organ Committee—F. A. Oakes, W. L. Bengough.

Treasurer Communion Offering—Palmer Hill. Auditors—Mrs. C. Laing, Mrs. A. P. Norton.

Herbert Slack Dies—Founded Station CKOC

Herbert Slack, president of the Westworth Radio Corporation, died in the General Hospital, Hamilton early Monday morning following an operation.

Mr. Slack was taken ill several days ago and was operated upon for the removal of his appendix and was apparently on the road to recovery when fatal complications set in.

Born in England, Mr. Slack came to this country when a boy and settled in Hamilton. Starting as proprietor of a small garage he developed what grew ultimately to be the largest independent radio and auto supply company in Canada. Three years ago, he extended his interests to Toronto, Montreal, St. Catharines and other Canadian cities. He founded and operated radio station CKOC. Prominent in sports circles, he managed the old City League hockey team which played under the colors of the Westworth Company. He was known throughout Canada as a sports announcer and was one of the pioneers in this branch of the radio industry.

## "Mrs. Higgs And Her Family Album" Provide Delightful Evening

An unusually interesting and entertaining program was provided by the members of the Ladies' Aid of Trinity United church on Tuesday evening in Trinity hall when an old time social was held during which there was a realistic presentation of "Mrs. Higgs and Her Family Album." The different characters revealed to the large audience in attendance as the large family album erected on the stage was unfolded, were introduced by Mrs. Milton Zimmerman as Aunt Mary Higgs and her reminiscences regarding each individual together with the other ladies who occupied the platform created much merriment. The various characters were excellently portrayed and the program which included musical numbers, furnished a most enjoyable few hours.

Refreshments were afterwards served by the ladies bringing to a close a most delightful evening.

The following took part:

On the stage—Mrs. Wood as Mrs. Rose Skinner visitor; Mrs. Love, Maggie, good sense, old maid visitor; Mrs. David Allan, the best lady; Mrs. Milton Zimmerman, Aunt Mary Higgs.

Pictures from Album—Grandfather Higgs, Mr. Jas. Theal; Grandmother Higgs, Mrs. Wamidge; Jigg's wife, Mrs. Mosley; Hughie Jackson took part of Walter Ferris, when a little boy; The four generations, Mrs. Alvin Patterson, Mrs. J. O. Moore, Mrs. James Theal, Mrs. James Merritt, Rip Van Winkle, Jimmy Wood; The bride and groom, Mr. and Mrs. Dow; The Scotch boy, representing Mr. Alex. Boyle, when a little boy, Helen Boyd; The four sisters, Mrs. Peter Graham, Mrs. Brock Sawyer, Mrs. Bull, Miss May Henry; Gerlie Mylan, Joan Eaton; Fanny Brown and Elsie Drury; Olga and Audrey Merritt; Mr. and Mrs. Mandy Deslille; Mr. and Mrs. Murray Deemer; Mary in long clothes Mrs. Millard; Twine, Bertha Lewis and Mrs. Frank Merritt; Four children, Mrs. Terry, Mrs. William Shaffer, Mrs. Richard Theal and Miss Margaret Allan; Mrs. Johnny Book, Mrs. J. H. MacMillan; My Old Ben, Elsie Drury; Uncle Peter McGillip, Mrs. Elsie Patterson.

Musical numbers—Mrs. Bean, "My Highland Laddie"; Mrs. Roy VanDyke, "Silver Threads Among the Gold"; Mrs. Gordon Eaton, and Rev. Wood, "When You and I Were Young, Maggie."

Mrs. J. S. Jackson Elected President Of Mothers' Club

The following officers have been elected by the Mothers' club for the ensuing year:

Honorary presidents, Mrs. William Bethune and Mrs. G. W. Wood; president, Mrs. J. S. Jackson; first vice-president, Mrs. James Theal; second vice-president, Mrs. James Merritt; secretary-treasurer, Mrs. Lorne Jacob; program committee, Mrs. H. B. McCulloch, Mrs. C. D. Millard and Mrs. H. G. Mogg; visiting committee, Mrs. Frank Merritt, convener. Two are to be appointed each month for this committee, the two for February being Mrs. S. MacPherson and Mrs. James Fisher. Social committee, Mrs. J. M. Merritt, Mrs. N. Cole and Mrs. M. Pettit; clinic committee, Mrs. L. A. Beasley, Mrs. G. F. Warner, Mrs. P. Shelton and Mrs. Clifford MacCartney.

## Annual Convention Peninsula Fruit Growers Thursday and Friday

The annual convention of the Niagara Peninsula Fruit Growers' Association will be held on Thursday and Friday of this week at the Grimsby Masonic hall, on Thursday, and in the Odd Fellows' temple, St. Catharines, on Friday.

The Grimsby Arena is much in demand, requests for the use of the rink having come both locally and from out of town hockey teams, including the St. Catharines City League team, who are playing their games here, the Garden City having no artificial ice surface.

## MARRIED

The wedding took place at North York, Ont., on Tuesday, Jan. 26, 1932, of Irene Anna, eldest daughter of Mr. and Mrs. F. W. Newman, North Bay to Mr. Murray J. Robinson, only son of Mr. and Mrs. W. F. Robinson, Grimsby.

The Grimsby Arena is much in demand, requests for the use of the rink having come both locally and from out of town hockey teams, including the St. Catharines City League team, who are playing their games here, the Garden City having no artificial ice surface.

## CONTROL OF SAN JOSE SCALE

Prof. Caesar Strongly Recommends Oil Spray to Town-ship Fruit Farmers Meeting Held Saturday

A meeting of the fruit growers of the township of North Grimsby was held in the council chambers, Grimsby, on Saturday afternoon for the purpose of discussing the proper spraying of fruit trees affected by the San Jose scale, apple growers having been particularly invited.

Deputy Reeve Mitchell who presided said there had been dissatisfaction regarding the results secured from spraying and it was desired to secure information as to how best to combat the San Jose scale which infects the fruit trees.

Mr. T. R. Hunter, fruit Pest Inspector, said he had found scale in practically all orchards but there was no scale on peach trees. Both oil and lime sulphur had been used in spraying. The trees appeared to be free of everything but scale.

Prof. Caesar of the Dept. of Agriculture, who spoke at some length, commended the North Grimsby council on the initiative taken in calling the meeting indicating their interest in the matter.

Prof. Caesar said that the San Jose scale had been found for the first time in 1894 or 1900, nearly 40 years ago and had been more or less prevalent up to the years 1917-1918. The winter of 1917-1918 was the severest in fifty years and the cold weather had the effect of cleaning up the San Jose scale. The next year was a cold and wet one and the cold season kept it down a while lots of parasites attacked them. Owing to the absence of the pest, the people from 1918 to 1925 felt they didn't need to spray, and most of them ceased spraying or were not inclined to do it thoroughly, a lot of growers stating they had no scale. When the scale went down the parasites also disappeared.

In recent years with mild weather and absence of spraying the scale again began to make its appearance and in the years 1930 and 1931 the weather was remarkably favorable for scale. There was a hot summer in 1931 and a warm open fall and the scale continued breeding rapidly. The scale insect was a prolific producer, increasing very fast.

There were prospects that we would have a fairly mild winter and we were likely to have a bad attack of scale which originally came from China, being an imported insect. It tended to become less virulent and he did

(Continued on page 4)

## BEAMSVILLE BUYS LAND

25 Acres Purchased Along Mountain Face At Sheriff's Sale—Price \$400

At a sheriff's sale on Saturday the Village of Beamsville bought in the twenty-five acres of rock and wooded land along the mountain face, west of the reservoir, and extending to J. D. Albright's property. The price paid was \$400, and had been held by a Mrs. Gillyray. A valuable spring had been lately drilled on this property for the corporation and there were more indications of water to be found. There is also unlimited quantities of stone there available for road repairs. Five acres is tillable land and is planted in fruit. The corporation is now the owner of practically all the mountain brow facing the town for nearly a mile. In controlling this territory the control of the water supply will never be in jeopardy as long as the springs hold out.

## Vacancies On Beamsville Council Are Filled

John G. Frodham and George Seymour qualified Jan. 19th to sit on the Beamsville council for the ensuing year, thereby filling the vacancies necessitated by the second nomination

in the corporation was unprecedented and never in its fifty-three years of incorporation, except perhaps once, has the stage been so empty of aspirants. However in the two councillors who qualified after considerable persuasion from their friends, the citizens will have worthy representatives. Mr. Seymour had years of experience as a member of the board of education. Mr. Frodham will be the youngest member to occupy a position of municipal trust in years.

"I have witnessed many depressions during the last fifty years and I can see nothing in this one which weakens my faith in this country."—  
Sir Herbert Holt, President.

At the annual meeting of The ...

**Public Finance**

The success of the National Service Loan was referred to as a notable achievement. He pointed out the fact that both internal and external revenue had been reduced by the decline in the activity of trade and that excessive expenditures by governments and municipalities had added to the burden of interest payments on the people. "There never was a time in our history when it was so necessary to avoid extravagance of every kind," he said. "Provincial and Municipal should follow the splendid example set by the British National Government in reducing the cost of administration and balancing their budget."

Closing his remarks Sir Herbert said in part: "It has been said that is darkest just before the dawn, and in previous depression conditions have seemed most discouraging at a time when improvement was ahead. It is the balance of the depression must of itself tend to produce a strong reaction. It may well be that the real countries are made along these lines and this formed the basis for his statement.

"While I do not wish to venture any hazardous prediction as to the recovery, it will be very disappointing if an improvement does not take place during 1932."

Mr. Wilson pointed out in vigorous terms that we must not get into the frame of mind in which we think of losses as pertaining to all business activities. The majority are holding their own, he declared, and will be reduced earnings at the time being, but he is optimistic. He should be gratified that in this period of transition a great majority of our Canadian concerns are more than covering operating expenses and our agricultural population is staying on the land and maintaining the acreage under cultivation. Closing on a note of optimism, Mr. Wilson said, "There are signs of stabilization in the direction of, concrete physical assets are being kept intact and, with reasonable economy and hard work, we shall find that Canada will be one of the first countries to feel the good results of business recovery."

At this time proved most successful and was able to give her children a fine home, a good education, followed by a desirable marriage for her two daughters. The youngest of the three children, a boy, was attending a fashionable boarding school. There a copy of one of his mother's books was read in his room. It was found before the landlady and questioned as to how and where he got it. The boy refused to disclose this to his mother, but wrote after a few days—was the author. And so it was well suggested for having it in possession.

dependence in the mining industry is possibly dependent to a great extent on metal prices and, therefore, it is difficult to say what programs can be outlined for the present year. Litteration work, will undoubtedly continue, as great interest is taken in the various mineral belt, which so far has not only very cursory examination. In British Columbia the situation is, of course, continuously progressive, and there is little doubt but that progress is going on as has been the case for so long years. There is hope that the situation will materially improve by the close of the winter months.

General business throughout the Christmas season was of good volume and, although there should be some slowing down after the holidays, people are buying, thus assisting in the transition to a more normal trading condition. Altogether the Western situation is holding its own and anticipated steady improvement.

## Check Over The Advertisements on This Page

Find the Name of One of the Pictures playing at Moore's Theatre

HERE ARE THE PARTICULARS

## 3 Pairs of Guest Tickets

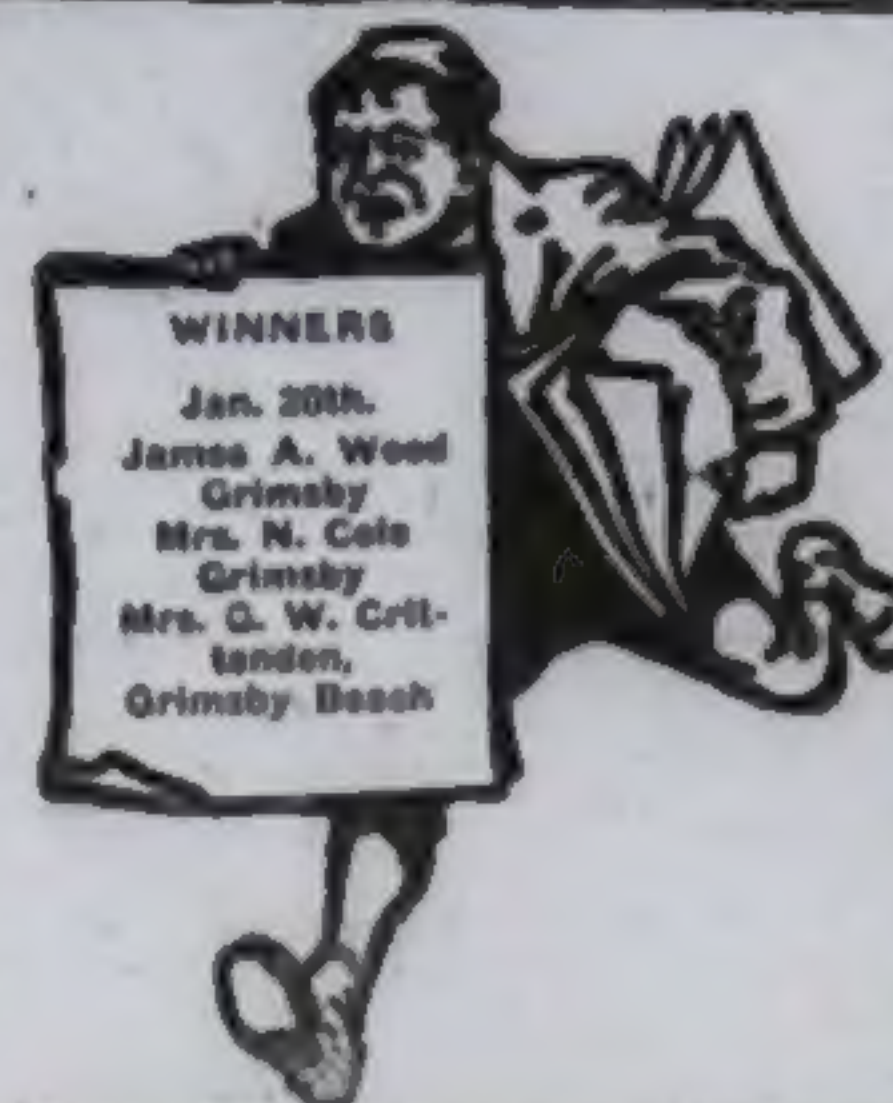

Given To The  
Lucky Winners  
Each Week

BE A LUCKY  
WINNER

In MOORE'S THEATRE advertisement which appears on  
Page Four in this issue, the names of the pictures play-  
ing at the Theatre this week are advertised. What you are  
asked to do is to look up the names of the pictures and the  
stars playing in them and see if you can locate in which  
advertisements on this page are words which do not make  
sense in the advertisement, and which when put together  
make the name of one of the pictures playing this week.  
Some weeks the name of one of the stars will be included  
in the advertisements, but not necessarily every week. At  
no time will any star name be used, when no mention of  
the star is made in the Theatre advertisement.

Read the advertisements over carefully. See if you can

find the attraction when it is inserted. Then cut out and  
mail to the Contest Editor, Independent, the coupon at the  
bottom of this page, properly filled in. Those who compete  
must give their names and addresses in their replies and  
write plainly as neatness will be considered in awarding  
prizes.  
All replies must be in by Monday following publication. All  
replies received up to that time will be put in a sealed box  
and opened Monday.  
The winners will be announced on this page each Wed-  
nesday and lucky contestants are asked to call at the Independent  
to receive their tickets. Two tickets are given to each  
winner and they are good for any regular show at Moore's  
Theatre.

Arrangements are being made for the annual banquet of the West Legion branch of the Canadian Legion to be held at the Village Inn here during the week of February 14, the date will be announced later. Prominent speakers will be present and the proceeds to be an outstanding one for the veterans.

The Young Women's Auxiliary and the U. C. W. of Trinity United Church attended a service at the sanctuary of the United Church of Canada at Trinity Centre.

[illegible]

Dr. Brown stated the fact that no spray had been done upon sweet cherries, plums, apples, in using oil spray usually over a period of years of the experimental farm but he was not sure that the powders would stand applications every year as there was some indication of oil cuts; but it was not necessary to spray powders.

At the conclusion of the address Mrs. Latham of North Quincy expressed appreciation, on behalf of the executive council and the growers present, of the information given by the speaker which would be very helpful in combating the fruit tree scale on the fruit orchards of the district.

## Province of Ontario Loan Announced for \$25,000,000

Large Group of Security Houses Issues  
widest Possible Distribution  
for the issue—Fifteen-Year Bonds  
Obtainable in Denominations as  
Low as \$100.

The Provincial Treasurer of Ontario has made arrangements with a comprehensive group of security dealers and several banks for the raising of \$25,000,000. Of this offering \$20,000,000 is being issued in the form of 15-year debentures while the balance of the issue will run for a period of 3 years. This choice of maturity will, it is anticipated, meet the varying requirements of investors.

The 15-year bonds are being offered to yield 5.90% while the smaller amount of 3-year debentures is being offered to yield 6%.

This offering has been looked forward to with a considerable degree of interest since the statement made by Premier Henry two or three weeks ago with regard to prospective financing by the Province.

Since the turn of the year two important financial operations have been carried out successfully. During the first week in January the Province of New Brunswick sold \$5,000,000 of debentures which were issued to refund certain maturing obligations and to cover the cost of constructing roads and public buildings. The New Brunswick issue was followed by one to raise \$15,000,000 for the City of Montreal. The Montreal bonds were issued to yield 6% and met with a satisfactory reception when offered last Tuesday. The City of Montreal needed the money partly for defraying the cost of construction of certain important public works, part of such work being for the relief of unemployment.

This financing by the Province of Ontario represents the third important piece of financing since the turn of the year. These three pieces of financing represent the first issues to be made by important public bodies since the early summer of 1931 with the exception of the National Service Loan which was brought out in the closing months of the year.

The satisfactory reception accorded the issues of New Brunswick and the City of Montreal doubtless influenced the Government's decision to market its bonds at this time.

Security dealers in Ontario anticipate a large volume of enquiries from within the Province for the issue at the time of the offering of the New Brunswick and Montreal issues. It was found that quite a number of investors stated that they were waiting for the issue to be made by their own Province as announced by the Prime Minister several weeks ago.

Prior to the War, the Province was a borrower in the London market, the high general level for securities at that time enabling the Province to borrow at a very low rate of interest. In March, 1906, the Province issued \$1,200,000, or approximately \$6,000,000, 3% Registered Stock at a price of 98.50, and subsequently put out 4% Registered Stock at a premium in varying amounts during the years 1909, 1911, 1912, and 1913 to a total of approximately \$7,000,000. Due to the War, conditions arising therefrom that market has been temporarily closed to the Province for new issues but issues made in London and still outstanding have a wide popularity with British investors.

During the unsettled period, 1920 to 1923, the Province made several internal issues carrying a 6% coupon. With the return of settled conditions the issues made at that time have since sold at a substantial premium and the Province subsequently made several issues with a coupon as low as 4%.

During the period since the War the American market has readily absorbed issues made in that market. The credit of the Province has ranked so favourably in New York that its bonds during the past decade have commanded unusually high prices. The important reason, probably, for the favorable credit position of the Province is the fact that such a large proportion of the wealth and population of the entire Dominion is centred in Ontario. Approximately one-third of the population and substantially more than one-third of the wealth of the Dominion is according to recent estimates, centred in this Province.

## Social and Personal

Mrs. Corman, of Dunville, spent a few days last week visiting friends in Grimsby.

Mr. and Mrs. P. H. Dean, are attending the Golden wedding of Mr. and Mrs. Rose at Port Perry.

The Misses Lillian Fookes and Alice Taylor returned home on Tuesday following a three month visit in England.

Mr. and Mrs. Clive S. Dean attended the funeral of the late W. J. Taylor at Woodstock, on Friday afternoon last.

Mr. and Mrs. John McMeekin and daughter, Miss Mary and Margaret of Brampton, Ont., visited on Sunday with Mr. and Mrs. K. R. Grigg, Ridge Road, Grimsby.

Friends of Miss Nellie Turton, formerly of Grimsby, will be interested to learn of her marriage to Mr. Jack Dawson at Hamilton, Bermuda, on Monday evening last.

Miss Turton was connected with Trinity United church choir of this town and a congratulatory cable was sent by the members which was promptly acknowledged by Mr. and Mrs. Dawson.

Mr. E. F. Williams left Wednesday for Knowlton, Quebec, following word of the death of his uncle, Mr. F. P. Williams. The funeral will be held on Thursday afternoon.

Mr. and Mrs. Barwick and family, Miss D. Phipps, Mrs. Vera Lucy and family, Mrs. Margaret Horst and Mr. Frank Horst were the guests on Sunday of Mr. and Mrs. Harvey Schott, Niagara Falls, Ontario.

Mr. and Mrs. M. F. Robinson, whose marriage took place at North Bay, on January 23rd, returned to Grimsby on Sunday last where they will take up their residence.

A most enjoyable social evening was spent in the Parish Hall on Thursday evening of last week under the auspices of the A. Y. P. A. of St. Andrew's church. Those present to the number of forty-five spent the evening in dancing after which refreshments were served by the committee in charge.

## Case Involving Shooting Captive Pigeons From Traps Is Dismissed

Magistrate Campbell in weekly police court last week at Beausville dismissed the charges against Thomas Wilson and eleven others charged with shooting captive pigeons from traps on Saturday, January 9. Charges were laid by Constable Inspector Farwell against Wilson for allowing the shooting to be held on his farm in South Grimsby township and the eleven other men for being on the premises. J. D. Book, one of the persons, promptly pleaded not guilty. The inspector called, produced several bird traps with long cord pulls attached, six dead birds and seven live ones, brought away from the premises. Murray Seymour for the defendants, questioned the inspector briefly as to which of the men had guns and who had fired shots. The inspector had only heard shots fired from a distance, but had seen some of those present throwing sticks of a bird that was walking in front of one of the traps to induce it to fly. The traps were set from thirty to forty yards in front of the men. County Constable Seymour agreed with Farwell's evidence. Thomas Wilson denied allowing his property to be used for the shoot.

"Here is where a lawyer would be useful to you," said the magistrate to the inspector. "There is no evidence that the farm belonged to T. Wilson, nor that any one of the men there had a gun, nor did you see any birds shot. I think," he continued, "that all of these things could be very readily proved. There is no doubt in my mind a pigeon shoot was held and the birds were used as traps."

Looking up the act, the magistrate explained to the crowded court that there is a fine of five hundred dollars applicable to each case, or in less a year in jail.

## Two Meals Day Best For Stomach Trouble

Ship one meal and drink water instead. Wash out stomach and bowels each morning by drinking water with essential of apple glycerin, backwash, lime compound (called Adierika).

Adierika brings out poisons you never thought were in your system. If you are nervous, can't sleep, full of gas, it will soothe you. Adierika contains no harmful drugs. Get it today, by tomorrow you feel the wonderful effect of this German doctor's remedy. For sale at Dymond's Drug Store, Grimsby, Ont.

## Would Eliminate Hucksters from Market

A delegation of R. H. Hambro & Co. last week conferred with Mr. Glover and R. H. F. of the Westworth county market committee and requested that hucksters be eliminated entirely from the market.

Mr. Emery stated that he was in favor of the elimination of hucksters. Mr. Glover favored requiring that about 50 per cent. of the load be grown by dealers themselves and that they be allowed to buy and sell the remaining proportion.

## Obituary

**MRS. HARRIET M. LEWIS**  
Mrs. Harriet Belle Lewis, widow of George F. Lewis, died at her home in Winona on Saturday after a brief illness. She was born in Hamilton, and was 77 years old. She was a member of the Anglican Church. Surviving are one son, George R. Lewis of Winona, and one brother, William Webster of Meadville, Pa.

**MRS. SARAH ANN JAMIESON**  
A native of Hallowell township and a resident of Stony Creek for many years, Mrs. Sarah Ann Jamieson, died last week at her home, Lake avenue, Stony Creek, following a protracted illness. She was 80 years of age and a member of Stony Creek United Church. Left to mourn are three daughters, Mrs. William Miller, Stony Creek; Mrs. Harry Hall, Hallowell, and Mrs. Harold Nelson, Stony Creek an adopted son, Arnold Emerson, of Montreal, and three grandchildren. The service was held from the above address on Sunday afternoon at 1:30 o'clock, thence to Stony Creek United Church for public service. Interment was made in Tapscott cemetery.

**MRS. ANDREW T. DEGROW**  
Mrs. Margaret DeGrow, wife of Andrew T. DeGrow, entered into rest on Friday at her home, 127 Ray street south, Hamilton. Born in Hallowell 44 years ago, the daughter of the late Peter Dixon and Mrs. Landman Dixon pioneers of Hallowell township. Mrs. DeGrow had lived in that district until fifteen years ago, when she came to Hamilton. She was an adherent of Zion tabernacle. Left to mourn her passing are her husband, three daughters, Miss Elsie and Elizabeth M. at home, and Mrs. J. Mackie, Hamilton, and one grandson, John Gordon Mackie, Hamilton. The funeral was held privately Monday afternoon. Interment was made in the union garden, Hamilton cemetery.

## Tributes Paid

(Continued from Page 1)

Cavell, Straiford Beacon-Herald; Frank Adams, London Advertiser; H. B. Burgoyne, St. Catharines Standard; L. H. Dingman, St. Thomas Times-Journal; A. R. Alloway and McIntyre, Hallowell Times; F. H. Leslie, Niagara Falls Review; Allan Holmes, Galt Reporter; F. E. Kyr, Hamilton Spectator; J. R. Hanna and W. A. Kearney, Toronto Mail and Empire; H. M. Passmore and Bruce Campbell, Toronto Telegram; Irving Norman Smith, Ottawa Journal; Alex. Fordyce and Galt, Montreal; C. B. Bean, Grimsby Independent; Arthur Partridge, General Manager Canadian Daily Newspapers Association; John W. Tibbs, Ontario Superintendent, the Canadian Press. Representing the Canadian Pacific Railway were: J. Harry Smith, Montreal; William Fulton, G. Bruce Burpee and J. L. York, Toronto; Stanley Crabbe and Jack Reid, London, W. B. Thompson and J. J. Thornton represented the Canadian National Railways.

Mayor J. E. Ferguson and ex-Mayor W. R. Munger attended for the Town Council of Ingersoll. Also present at the funeral were E. H. Lancaster, St. Catharines, Crown Attorney of Lincoln County; Hon. Donald Butherford of Ingersoll, and D. M. Ross, M.P.P. of North Oxford.

## Many Pay Tributes

The general regard in which he was held and the deep sense of loss occasioned by his passing was evidenced by the numerous messages received by the family from former associates in newspaper work and other friends in all parts of the Dominion who by wire and mail paid high tribute to the late Mr. Taylor, both as an outstanding publisher and public spirited citizen, while appreciation was also voiced of his personal qualities.

## Underwent Operation

Believed to be making progress towards recovery after a serious chest operation on Friday, January 15th the late Mr. Taylor took a turn for the worse the following Tuesday, passing away about nine o'clock in the evening.

## No Change of Policy

The Sentinel Review Saturday published the following statement: "Publication of this newspaper will be continued by the Sentinel Review Company, Limited, under the present management and direction of the executors of the late W. J. Taylor. No change of policy is involved and the Sentinel Review will endeavor as before to give to its constituency the fullest possible service. There is, therefore, nothing new to announce respecting the relations of the newspaper and the public."

## SUCCESSFUL MISSIONARY GATHERING

A very successful missionary gathering was held in Beausville last week when the Niagara Presbyterial W. M. S. met in Knox United Church, the president, Miss Mitchell, of Stamford, presiding. The meetings began on Thursday, January 21st, and were concluded Friday at 5 p.m.

Outstanding features were the address by Mrs. Crow, president of the Hamilton branch, and addresses by Miss Louise Mayown, of Toronto, and Miss Sybil Courtice, missionary from Japan and home on furlough. Excellent music was provided, the business of the Presbyterial was efficiently dealt with and a fine spirit of co-operation was evident throughout.

## Wonderful For Indigestion

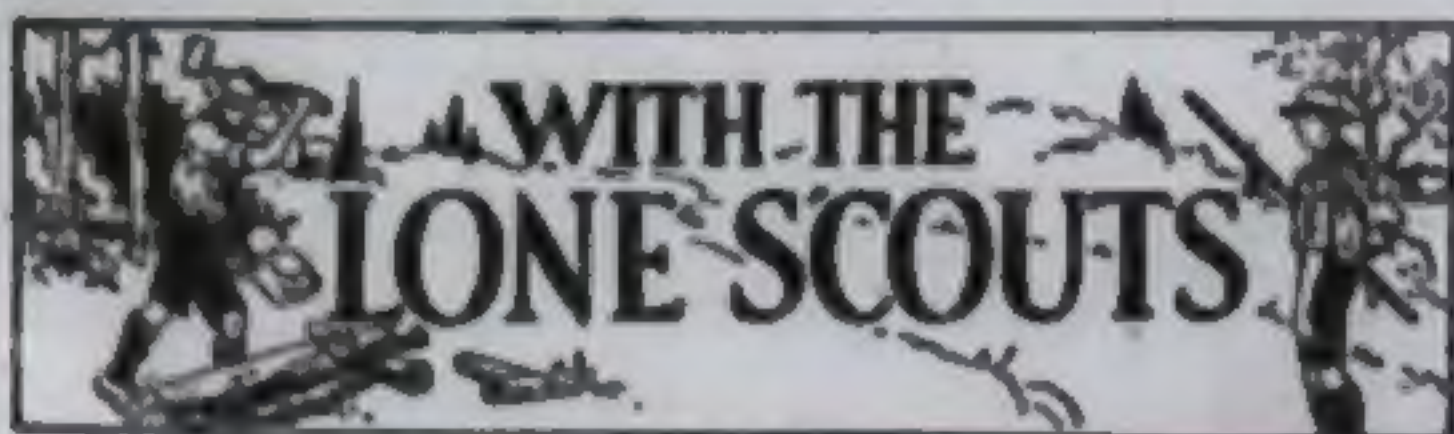

When your stomach feels bad, when stomach acids, gas, sourness, nausea or after-eating pains make you miserable, just a little Bismarck Magnesia—tablets or powder—will bring safe and instant relief. It neutralizes the acids that have upset your stomach and permits normal painless digestion, or its cost is nothing. Druggists everywhere sell it with this guarantee. Its daily use means real stomach comfort.

## Investigating Fire In Clinton Tp. Loss Is \$3500

Provincial police are investigating a fire which destroyed the home of George Anderson, Clinton Township farmer, Sunday evening. Anderson said he and his family were visiting friends when word of the fire reached him by telephone. He said also that two men had been seen near the farm just before the outbreak. The loss amounts to \$3,500 and insurance for \$2,500 is held.

For letterheads, envelopes and visiting cards, try the Independent.

## WITH THE LONE SCOUTS

Thrill in March Means Camp in July  
Have you thought of that, Louie?  
This year we intend to make a big effort to have another Lone Scout Camp, such as we held in 1929 and 1930. Do you remember all the good times we had together? The hikes and games, the swimming pool and the camp fire, the treasure hunts and sports, work and play?

Of course you will want to join in this fun all over again!  
Then remember that NOW is the time to commence to save those nickels to pay your camp fee and to make it possible for you to be with us. Start a camp fund right away!

No better illustration of the value of the Scout Movement is needed than the incident which took place recently in a small Ontario town.  
An accident occurred when an automobile collided with a railway train and a man was seriously hurt. On being summoned to the scene of the accident the doctor decided that the man must be conveyed by ambulance, at once, to the hospital. On enquiring from the onlookers where he might find the nearest phone, a little chap spoke up: "I know, sir, I'll go. What message?" He received instructions from the doctor and was off. Shortly he was back, out of breath. "The ambulance will be right over," he said.

The doctor turned to reward him for prompt execution of the errand. "Oh, no sir," said the lad, "I'm a Boy Scout and I mustn't take anything!" "But I must pay for the phone call, at least," said the doctor. "Well, I guess that will be alright," said the little fellow.

In that incident is illustrated the Boy Scout Spirit.

It is far from the truth for anyone to state that this movement encourages militarism. For Boy Scouts are taught to perform at least one good turn every day and are trained to be amenable to discipline, to fear God, to honor the King and to love their native land.

They are taught the useful art of woodcraft, are given instruction in swimming and, in short, receive a training that fits them to be good men and citizens.

Surely such a movement deserves the unqualified support of every person who realizes that "to boys of today are the men of tomorrow and that training such as Boy Scouts receive will make for a finer and higher standard of citizenship.

—BIRD

In recent articles we have talked

about our friends, the birds, and of our duty, as Scouts towards them. Have you ever stopped to think how valuable an ally man has in the birds?

Birds help feed us. Birds help save our money. Birds help make life more beautiful. Birds furnish us with splendid examples of faith, charity and forgiveness. Birds give us pleasure. Birds are our friends and "though we slay them yet do they treat us."

In our wild scramble to become civilized and less like real men we have too often ruined the world into which we were born. We have polluted the fragrant air, thus robbing our lungs. We have hacked down our forests, slain our wild animals. Vanished are many of our friends through our selfishness or greed or ignorance.

While this has proceeded, slowly and steadily our enemies have crept upon us in constantly augmented numbers. These enemies are tiny pests which man is ill adapted to fight. Insects are the pests which we have unwittingly aided and which now destroy our very livelihood. The city dweller little appreciates the ravages of these destroyers, but if he could realize the loss of fruits, grain, lumber, and the necessary increase in prices and decrease in quality there are few who would not help secure some means of destroying insects.

Spraying and all the artificial means of controlling these destroyers are so expensive as to be inadequate. Nature's balance has been upset and man must help restore it. Birds are the natural enemies of insects. They are the balance weight against the harmful insects. We must help increase bird life by conserving their homes feeding them educating the public and teaching their habits to help supply what we have taken away.

One of the best ways of protecting the birds is by building bird houses, for man has taken many of the natural homes of the birds away. Build them, put them up and wait. Unlike human beings, the birds like seasons homes, they dislike bright paint, etc., so perhaps you'll have to wait some time. Give the bird a chance. While there are Scouts the birds should not want for homes. There should always be some houses for rest.

If you would like to be a Lone Scout, write to The Lone Scout Department, 335 Bay Street, Toronto 2, for particulars. This branch of the Boy Scouts Association is open to boys between 12 and 18 years of age who are able to join a regular Scout Troop. Information will be gladly sent.—Lone S.

## Olympic Entrant Surveys Track

Frank Wykoff who has a record of 100 yards in nine and two-fifths arrives in California for training operations. He is shown here looking over the cinder track of the Los Angeles Stadium.

## British Trade Greatly Improved

Shown by Considerable Decrease in Number of Unemployed

London.—A "real improvement" in the unemployment situation in Great Britain was announced last week by the Ministry of Labor as reflected in 74 out of 101 industry groups analyzed.

During the first three weeks in December, the Ministry said, the total number of jobless on the registers of unemployment exchanges decreased 112,000—from 2,622,000 to 2,510,000. Of the total reduction some 25,000 was due to changes in requirements for the dole and the balance represented men returned to jobs.

Employment in the coal mining industry improved in every district between these dates. Of the wholly unemployed 10,321 were absorbed into the cotton industry, while there was little change in the number of those temporarily jobless.

Engineering, dock workers, tailoring and hotel trades also showed an improvement.

## Britain Reduces Credits to Russia

London.—A significant reduction in the period of credit allowed for exports to Soviet Russia under the Trade Facilities Act has come about since the National Government came into power according to the Christian Science Monitor.

For some time it has been customary to allow 24 months' credit from date of order on exports of heavy machinery and equipment. This has now been reduced to 12 months.

## Lord Willingdon in India

Bombay Times of India: When expressing his confidence in the future

H. K. the Viceroy said with considerable significance that if he could keep his health and his sense of humor he trusted he should all be sailing in another waters before long. No one needs to retain a sense of humor at the present time more than the Viceroy and the high officers of Government. Every action of theirs is deliberately misconstrued, every speech misinterpreted, and Lord Willingdon is being made the target for particularly caustic attacks by the Congress papers. Fortunately for him, Lord Willingdon will know how much, or how little, that childish sort of insolence means. He may not get the full measure of respect which he is entitled to expect in leading India to her political goal; but if he refuses to depart from the principles he has laid down—particularly insisting on obedience to the law—his appeal for co-operation cannot fail to find, in some individual quarters of any race, an enthusiastic response.

## Canadian Butter Exports Show Big Increase

Ottawa.—Exports of Canadian butter for the calendar year 1931 jumped to 166,000 hundredweight from the small volume of 11,804, according to a report of the Dominion Bureau of Statistics. Cheese exports for the same period increased to 247,584 hundredweight in 1931 from 201,637 in 1930. Cream and butter exports were down from the previous year but the export of eggs showed a great increase, the figures being 534,110 dozen in 1931, as compared with 202,945 dozen in 1930.

## "Alron" Ties Up Off Coast of Virginia

Alron, world's largest dirigible, came to rest at the mooring mast aboard the mother ship, Patoka, off the coast of Virginia. An intricate bit of maneuvering was necessary here to get the big ship along side.

## Canadian Delegates Leave For Geneva

### EXAMPLE TO NATIONS

Sir George Perley in Parting Message Cites Dominion and U. S.

New York.—Ching Canada and the United States as examples of how neighboring nations should get along, the Canadian delegates to the world disarmament conference at Geneva sailed early Saturday aboard the liner Europa.

The delegates were Sir George Perley Minister Without Portfolio, and Hon. Maurice Dupre, Solicitor-General. Lady Perley and Miss Dupre accompanied them.

Also in the party were Miss M. Winifred Kyde, president of the National Council of Women in Canada; Major-General A. G. L. McNaughton, chief of the general staff, Department of National Defence and L. B. Pearson, first secretary in the Department of External Affairs.

Sir George, speaking for the delegation said:

"We in Canada are anxious, indeed, to see serious steps taken toward disarmament. The Canadians are much in earnest on this point. A few days ago a petition favoring disarmament containing 65,000 signatures was presented to the Prime Minister by the Canadian League of Nations Society and the Canadian branch of the International Peace Society.

"This fact demonstrates the feeling of the Canadian men and women on this subject. We of Canada and residents of the United States have had concrete illustrations for more than 100 years of how two neighbors can get along without fortifications of any kind. We believe the success of the arrangement should lead other nations to reduce armaments and rely on arbitration and friendly negotiation for the settlement of all disputes.

We go to Geneva with this hope in mind, and will do our best to bring this about."

## Scientist Killed By Own Chemicals in Cancer Research

Boston.—Dr. Eugene Chellis Glover, 39, who according to research associates at the city hospital was on the point of making an important discovery in cancer, died there, it became known over the week-end, after being overcome while doing laboratory work.

Dr. Glover, less than four years out of Harvard Medical School, but already considered one of the leading cancer research specialists of the East, died from poison contracted in experiments.

News of his death, which occurred Saturday, was revealed by the report of Timothy F. Leary, medical examiner, who said that the doctor's system had been contaminated by chemicals he was using in his experiments.

Dr. Glover had been working with a solution containing cyanide just prior to his death, and a cyanide reaction was evident in the autopsy, Dr. Leary reported.

Dr. Leary expressed the opinion that Dr. Glover might have dropped a cyanide solution on his hand and, without realizing it, later brushed it across his mouth.

Dr. Glover recently told associates at the laboratory that he believed he had made an important discovery in the treatment of cancer by means of a new serum called lipoids, made from animal fats. His work had been rewarded with a medal from the Belgian Research Fellowship.

Dr. Glover was born in Gorham, Me., 39 years ago.

## Injured Man in Arctic Treated By Wireless From Ottawa

Ottawa.—The short-wave wireless system connecting the office of Commander C. P. Edwards, director of the radio branch of the Department of Marine with its many stations in the Arctic, recently played a part in carrying succor to an injured seaman on a Grimsby trawler, operating in Davis Strait, between Greenland and Baffin Island.

The master of the trawler St. Kervan sent a wireless to the operator of the Department of Marine station at Resolute, asking for instructions in treating a man with half his scalp torn and fractured jaw, having been washed through a scupper door. The message was forwarded to the director of the radio branch here, and in an hour a messenger had been relayed back to the trawler steamer advising him what treatment to apply and referring him to the necessary pages in the medical manual carried by every vessel commander for such emergencies.

A later message from the trawler stated that the St. Kervan, heading for Reykjavik, Iceland, intended to land the injured man, whose name was not mentioned.

## Dr. Edensor Wins Air Medal

Paris.—Dr. Hugo L. Edensor, commander of the German dirigible Graf Zeppelin, was recently awarded the 1931 medal of the International Aeronautic Federation. The medal for 1930 was awarded to General Italo Balbo, Italian War Minister and noted flyer.

## The Markets

### PRODUCE QUOTATIONS

Toronto dealers are buying produce at the following prices:  
Eggs—Ungraded, cream returned, fresh extras, 15¢; fresh firsts, 15¢; seconds, 12¢.

Butter—No. 1 One-lb. creamery solids, 20 to 20½¢; No. 2, 19 to 19½¢; Churning cream—Special, 21 to 22¢; No. 1, 20 to 21¢; No. 2, 17 to 18¢; Cheese—No. 1 large, colored, paraffined and government graded, 10½¢.

Poultry, select, alive—Chicken, over 5 lbs., 12¢; over 4½ to 5 lbs., 11¢; under 4½ lbs., 10¢; Fatted hens, over 5 lbs., 10¢; over 4 to 5 lbs., 12¢; over 3½ to 4 lbs., 10¢; over 3 to 3½ lbs., 9¢. Ducklings, over 5 lbs., 14¢; over 4 to 5 lbs., each 12¢. Old roosters, over 5 lbs., 10¢. Guinea fowl, over 2 lbs., 15¢.

Poultry, select, dressed—Chicken, over 5 lbs., 12 to 13¢; over 4½ to 5 lbs., 11 to 12¢; under 4½ lbs., 10 to 11¢; Fatted hens, over 5 lbs., 14 to 17¢; over 4 to 5 lbs., 11 to 14¢; over 3½ to 4 lbs., 9 to 12¢; over 3 to 3½ lbs., 7 to 10¢. Young turkeys, over 15 lbs., 12 to 17¢; do, 5 to 15 lbs., 15 to 20¢. Young geese, 8 to 10¢. Ducks, over 5 lbs., 10 to 14¢; over 4 to 5 lbs., 11 to 16¢. Old roosters, over 5 lbs., 12 to 14¢.

### GRAIN QUOTATIONS

Grain dealers on the Toronto Board of Trade are making the following quotations for car lots:

Wheat—No. 1 hard, 71½¢; No. 2 Northern, 69¢; No. 3 do, 67¢; No. 4 do, 65½¢; No. 4 do, 64½¢ (c.l.f. bay ports).

Manitoba oats—No. 2 C.W., 37½¢; No. 1 C.W., 38½¢; No. 1 feed, 35½¢; No. 2 feed, 34½¢.

Man. barley—No. 2 C.W., 47½¢; Argentine corn, 51¢, plus duty; South African corn, 50¢, plus U.S. funds (c.l.f. bay ports).

Millfeed, 45¢. Montreal, freight, bags included—Barley, per ton, \$11.25; shorts, per ton, \$12.25; middlings, per ton, \$10.50.

Ontario grain—Wheat, 58 to 60¢; barley, 46¢; oats, 24 to 27¢; rye, 40¢; Ontario corn, 43 to 45¢; buckwheat, 37 to 38¢.

### LIVE STOCK QUOTATIONS

Heavy beef steers, \$1 to \$2.50; butcher steers, choice, \$2.25 to \$3.50; do, fair to good, \$1.50 to \$2.50; do, com., \$2.25 to \$3.25; heifers, choice, \$2.25 to \$3.50; do, fair to good, \$1.50 to \$2.50; do, com., \$2.25 to \$3.25; butchers cows, \$2 to \$3.50; do, med., \$2 to \$3.50; canners and cutters, \$1 to \$2.50; baby beef, \$2.50 to \$7; bulls, good, \$2.50 to \$3.50; do, heaviest, \$1.50 to \$2.75; feeders, good, \$1 to \$1.50; steers, \$3 to \$4; springers, \$30 to \$50; calves, good and choice, \$7.50 to \$8.50; do, med., \$5 to \$7; do, growers, \$3 to \$5.50; sheep, \$1 to \$2.25; lambs, choice, \$2.50; do, culls, \$5; hogs, bacon, f.a.b., \$1.50; do, off cuts, \$1.10.

### Britain Naturalizes 240

London.—The list of aliens to whom certificates of naturalization have been granted by the Secretary of State and whose oaths of allegiance have been registered in the home office during December contains 240 cases, namely:

Twelve American, seven Austrian, four Belgian, five Czechoslovak, three Danish, six Dutch, four French, seventeen German, two Greek, nine Italian, eleven no nationality, two Norwegian, twenty-seven Polish, one Portuguese, four Rumanian, ninety-seven Russian, three Swedish, six Swiss, five Turkish and sixteen other nationalities.

Of these, twenty-one cases, including four American, one Austrian, two Dutch, two French, five German, two Italian, one naturalized British subject in Australia, one Norwegian, one Russian, one Spanish, one Swiss, related to women of British origin.

### Glasgow To Maintain Halfpenny Tram Rate

Glasgow.—Less than a cent, halfpenny, fares are to be retained here despite a general rise in tramcar and bus rates, the municipal transport authorities have decided. Twopenny street car fares now become 2½d, and the minimum bus fare is increased to 1½d.

It is stated that the object of increasing the short-distance fares is to divert short-distance travelers from the overcrowded buses to the tramcars. This, it is anticipated, will result in an acceleration of the bus services to the suburbs.

The questions of introducing season tickets and of permitting advertising on street cars are still under consideration.

### "Prince of Wales Scholarship" To Help Argentines

London.—A scholarship has been established at Oxford for Argentine students, the Prince of Wales announced at a recent dinner of the Argentine Chamber of Commerce here. The award is to be known as the "Prince of Wales Scholarship."

For the next three years, at any rate, the Prince said, two students selected from the University of Buenos Aires are to come to Oxford for two years, receiving the same welcome as Rhodes scholars. The idea arose during the visit of British students in Argentina following the British expedition there last February. Arrangements for a return visit by students

## What South Africa's Census Reveals

A recent census taken in the Union of South Africa indicates that the European population of the country is now 2,277,104, representing a gain of nearly 9 per cent. in the last five years. Of this total the Cape Province accounts for the largest number, 700,000, the Transvaal for 600,000, the Orange Free State for 265,234 and Natal for 177,824. The Transvaal is apparently the fastest growing area with a net gain of about 14 per cent.

There are 930,531 European males and 897,135 females in the country, or 22,000 more men than women, the Transvaal accounting for 19,000 of this difference. The urban population has increased in all provinces, only the Transvaal showing an increase in rural areas.

Johannesburg, the principal city of the Union and the centre of the gold-mining activity, has a European population of 205,544, an increase of 32,000 since the 1926 census and the largest reported. Cape Town's European population numbers 146,249, Durban's 90,256, Pretoria's 61,657, Port Elizabeth's 43,748, Bloemfontein's 23,361, and East London's 27,294.

No enumeration was made of the colored and native population of the Union, but the latter is estimated at about 6,137,000.

### British Fishing Industry

The Montreal Star.—Mr. H. K. Law, son of the late Sir John. Hon. Law, takes a special interest in the British fishing industry, he sits for a division of St. John, the great north-west coast, and his address to the House dealt with the effect upon that industry of the recently imposed French duties. He brought out some very interesting facts.

The fishing industry in Britain employs directly some 60,000 men and 4 indirectly another 200,000 men and women. In the traveling branch alone the investment in ships, boats and plant and other represents some \$70,000,000. The ships consume upward of four million tons of coal, the mining of which provides ten thousand miners with full time work for each year. The trawling industry spends \$100,000,000 a year in wages. Indirectly also it provides employment for thousands of people in shipbuilding yards, steel works, transport works and other branches of industry.

### French Imports and Exports Show Big Decrease

Paris.—France's trade balance for last year showed a deficit of \$471,000,000. Compared with 1930, imports decreased \$416,000,000 and exports decreased by nearly \$60,000,000 in value, according to official figures published recently.

These figures show a decline value proportionately far greater than in tonnage both in exports and in imports. December was the most slack month of the year, with regard both to imports and to exports.

The only increase in the year's figures was in the amount and value of foodstuffs imported. Imports of other raw materials decreased 19 per cent. in tonnage and 35 per cent. in value. Imports of manufactured articles fell off 13 per cent. in tonnage.

The decline in the value of French exports was nearly 30 per cent. and slightly over 17 per cent. in tonnage.

### Germany Uses "Compass" Signs To Aid Tourists

Berlin.—The German Automobile Club has decided to introduce a new system of road signs called "compass signs" throughout Germany by which every automobilist will be enabled to find his way throughout the country, without maps.

Every sign directing the traveler to a certain city will be painted in the same color throughout the Reich. Signs leading to Berlin, for instance, will be painted red and white. Signs directing to Munich will be blue with white script. Those leading to Cologne and Aachen will be white and black letters. All signs leading to Basle will be green with white letters.

### Empire Trade

Le Droit, Ottawa (Ind.). (Statistics show a distinct increase in Canadian trade with Great Britain). There is an obvious indication here of a new tendency. It is not so much a question of a sudden change. The change is practically imperceptible, but clearly evident. With a fresh New Zealand treaty, and, above all, after the Imperial Conference, this tendency will become all the more marked with our ambition to turn our British Commonwealth of Nations into a "self-contained Empire."

### Peru's Population Gains

Lima, Peru.—The population of Lima Province increased from 121,297 in 1929 to 175,500 in 1931, according to complete census figures announced recently. Callao Province increased from 52,554 in 1929 to 67,000 in 1931. The 1931 population

### Young Australia

Melbourne, Vic.—For 12 advertised vacancies for cadets in the Royal Australian Air Force, more than 1100 applications were received by the Commonwealth Air Board.

## Blizzard Traps Hunting Party

One of Three Survives to Tell the Tale

St. John, N.B.—Snatched from death in an ice-coated boat just as he was drifting into unconsciousness, Eugene Dalton revived Saturday to tell of the blizzard that swept the coast of New England and claimed the lives of his companions on a hunting expedition.

Search parties sent out by the Department of Fisheries found the little craft anchored off Bear Rocks Saturday morning. In it were Eugene Dalton, worn out from exposure and barely alive, and the bodies of Mark Dalton and Levi Eddy.

The blizzard blew up without warning and trapped a number of other hunting parties which escaped to land after terrifying experiences. It was accompanied by severe frost, and thermometer registered 29 below zero.

Taking advantage of fine weather on Wednesday, the Dalton brothers

—Eddy set out in their boat Friday afternoon. Suddenly the wind changed and blew in from the northwest with blinding snow. Not knowing whether they went, the three moved the boat until their strength was spent. Darkness shut down, and the temperature dropped. They saw Bear Rocks but were unable to land. The sea was smoother now, and they anchored under the rocks to await their fate.

There they sat, watching every possible motion to keep warm then looking at each other as ice formed around their boat. Levi Eddy was the first to succumb to the intense cold. Through the long hours of the night the two brothers staved off death, wondering which would be the next to go. About 4 o'clock Mark Dalton died. Alone now, except for two corpses, Eugene pitted his physique against the steadily falling temperature. He did not remember much after his brother died, and he was in a semi-conscious state when rescued by seamen of the Fisheries department.

## Canada's Gold Holdings in Excess of Demands

Ottawa.—Canada closed the calendar year with gold to the value of \$40,000,143 held by the minister of finance, according to a recent report issued by the department of finance. This was \$1,740,299 in excess of statutory requirements to protect the Dominion note circulation and Government savings bank deposits.

## British Workers Share in Profits

London.—The sum distributed among the workers by the British woolen manufacturing firm of J. T. & J. Taylor, Ltd., which has long gone in for profit-sharing, has now reached a total of more than \$1,000,000, despite recent trade conditions.

The system provides for distribution to workers, in the form of shares in the company, an agreed proportion of all profits after the first 5 per cent. The workers' shares are similar to those of the proprietors except that they do not possess any voice in the management.

"After 65 years of business, including 18 years in the House of Commons," says Mr. Theodore C. Taylor, founder of the concern, "I believe that general adoption of the plan of sharing profits with employees would do more for British industry and national prosperity than is possible by the actions of all the politicians put together."

## May Barter Cotton In Exchange for Pork

London.—There is a probability that Bolton, one of Lancashire's spinning centers, may make a direct barter of yarn for bacon.

This has come about through the Hungarian war debts situation, which made payment in currency impossible. The Hungarian weavers association is idle for lack of Bolton yarn. Bolton weavers on the other hand, are idle for need of markets. But the Hungarian weavers can supply pork which their representative in Lancashire is pressing the Bolton merchants to accept. A payment. The matter is now before the Manchester wholesale co-operative society which is trying to put through a \$50,000 deal.

## Britain Sees It Through

Regina Star: (The number of unemployed in Great Britain has decreased by 400,000 since October.) No wonder there is a returning feeling of confidence and a revival of the hope that conditions are mending in Great Britain. Nor is it surprising that the expectation of still further progress after the Ottawa Economic Conference is growing among the British people. Now that they have their costs off and their shoulders to the wheel, they move to "see it through," and, after all, work and hope are the two strongest incentives to progress, and the surest factors to promote the return to better things.

## Owl Laffs

"Them Was the Days"  
Girls sometimes were cotton chickens and high, leered boots (you were not supposed to know it). Spectacles and eyeglasses were not common. People generally kept their teeth. It seemed necessary to control hairpins by legislation. Children were not taught to wait the fly.

Would-be Employer—"Have you any references?"  
Would-be Employee—"Sure," and he handed him the following letter: "To Whom It May Concern: John Jones worked for me one week and we are satisfied."

Sea—"I saw Mary at the beach."  
Sparks—"What sort of bathing suit was she wearing?"  
Sea—"Don't know; she was reading a book and I couldn't see it."

Laugh  
Learn to laugh. A good laugh is better than medicine.  
Learn to attend strictly to your own business.

Learn to tell a story. A well-told story is as welcome as a sunbeam in a sick room.

Learn to avoid ill-natured remarks and everything likely to create friction.

Learn the art of saying kind and encouraging things.

Learn to keep your troubles to yourself. The world is too busy to care for your ills and sorrows.

Learn to hide your aches and pains under a pleasant smile.

Learn to stop grumbling. If you cannot see any good in the world, keep the bed to yourself.

The honeymoon is over when a husband realizes that his wife considers him compact her most valued possession. A Paradoxical Truth. A lot of the talkies are dumb. Happy indeed is the person who can obtain pleasure from the simpler things of life. Sometimes the quest of a daughter's hand leads to the bestowal of the father's feet. The reason we sometimes suspect that riches do bring happiness is that we are dead sure poverty does not. Constrain on Wall Street. The woman a bachelor remembers most tenderly is the one who made him happy—by letting him slip through her fingers. Be careful when you set out to make somebody else the mark—you may turn out to be the mark. If it were not for man's faith in his fellow men there would be no such thing as the insurance plan.

Who loses money, loses much;  
Who loses friends, loses more;  
Who loses hope, loses all.

Say it with brevity—"When you've got a thing to say say it, don't take half a day; Life is short, a fleeting vapor, don't you fill the whole paper with a tale which, at a pinch, could be covered in an inch. Tell her down until she simmers—polish her until she glimmers. When you're got a thing to say, say it, don't take half a day."

A minister went up to the library the other day and asked for "The Kentucky Cardinal." He demanded when the librarian began to look under "Religion."

"This cardinal was a bird," protested the minister.

"I'm not interested in his personal habits," said the librarian.

Bank Clerk—"So you wish to open a joint account with your husband. What kind?"

Mrs. Bright—"Oh, just a deposit account for him—checking for me."

Searching letters are seldom mailed after cool reflection.

## Unique Hard Bean Grown in Australia

Adelaide, S. Aust.—An Australian bean stalk that comes near emulating that ruled by Jack, growing only in the little known interior of Australia, is described by Mr. Cecil T. Madigan of Adelaide University, who recently returned from an exploration trip to the MacDonnell Ranges.

Mr. Madigan says that although he has traveled extensively in central Australia, he has only seen this one in any numbers in the Fairway River's Ranges.

He described the beans as bright scarlet in color, and almost as hard as a date stone. A bean, he said, may be carried in the mouth all day without softening enough to bite it. The beans, he said, look so attractive lying on the ground that one cannot resist getting off the camel and picking some up. Another interesting characteristic of the tree is the extreme lightness of the wood.

## In Days of Old

In days of old,  
When knights were bold  
And steel-trousers wore,  
They lived in peace,  
For then a crane  
Would last ten days or more.  
In those old days  
They had the crane  
For cast-iron shirts—and were 'em!  
And there was blame  
Enough in this:  
The laundry never two 'em.

In 10, 15, and 20 Packages

## How to play Bridge AUCTION CONTRACT

by Wynne Ferguson  
Author of "PRACTICAL AUCTION BRIDGE"

### ARTICLE No. 7

Very frequently in Auction and Contract a player has a suit which is strong enough to take all the tricks but one, and the way or the time to lose that trick becomes a puzzling proposition. Whole books might be written on this subject, but there are a certain few situations that come up so frequently that they should be thoroughly analyzed and understood. As a general proposition, the trick to lose is the first one. Suppose the dealer has bid one no trump, you as second hand bid two hearts, third and fourth hands pass and the dealer bids two no trump; what should you lead with the following hand:

Hearts—A, Q, 10, 7, 6  
Clubs—K, J, 10, 9, 8, 7  
Diamonds—K, J  
Spades—10

The proper lead with this hand is the seven of hearts. The bidding indicates that the dealer has at least three hearts to the King or King Jack, so that if you lose the first trick and your partner later obtains the lead, a lead through the dealer's hand will enable you to win the balance of the heart tricks. Suppose, however, you decide to open the tray of clubs and your partner later obtains the lead. Even if he now leads the hearts to you, the declarer must still make a heart trick. In other words, one lead through the dealer's hand is not enough and the chances are that your partner will not obtain the lead more than once. If you must lose one trick in your suit, let it be the first and not the second or third.

Almost the same proposition confronts the declarer when he is playing a no trump hand. Suppose his dummy has a suit such as A, K, 7, 6, 5 or A, K, 7, 6, 5, 2, only two in his own hand and no re-entry. If he aims to establish this suit, he must lose the first trick and hope for the drop on the next two

rounds. This method of playing such suits is called "ducking." Other suits in the dummy where the first trick should be lost, if no re-entry, are A, Q, 10, 7, 6 or A, Q, 7, 6, 2. In the first case, assume the ten of the suit on the first round and if it fails to force the king, assume the queen on the second round. In the second case, make no effort to win the first trick. Your only hope to establish such a suit is to find three to the king on your left. Lose the first trick and assume the queen on the second round. The same rule applies to a suit such as A, J, 10, 7, 6. Play the ten on the first round and assume the jack on the second.

Still another angle comes up frequently. Suppose you are playing a no trump hand and hold only one stopper in your adversary's suit, for example, A, 4, 3 of clubs. With this type of suit, hold up your ace until the third round in the hope that your other adversary has more than three of the suit and cannot lead to his partner. Of course, there are many exceptions to this situation, but as a general proposition, it's good policy to lose the first and second rounds of an adversary's suit if you have only one stopper.

There's still another angle. Suppose the opponent on your right has bid one no trump and your partner has obtained the lead and has deliberately led up to a K, J, 7 of clubs, for example, in dummy. Such a lead should tell you that after he loses the first trick he has all the tricks in that suit. If you can obtain the lead and come through, in other words, by losing the first trick he has placed himself in a position to win the rest of the tricks in that suit when you obtain the lead.

Much more could be written on this particular subject, but the readers of these articles will improve their game considerably by a study of the examples given. Learn to lose the first trick, if your suit is not set up, not the second or third.

## Volcanoes and Gold

How study of volcanoes may help the world to find the new gold mines is suggested by remarks of Mr. H. A. Powers of the United States Geological Survey in a recent announcement by the Hawaiian Volcano Research Association of Honolulu. Many of the world's deposits of gold and other pre-

cious metals have been found, Mr. Powers states, in connection with the kinds of rock which volcanoes usually eject in the later stages of their lives, quite different from the rocks ejected in volcanic youth. The volcanoes of Hawaii, one of which is erupting, are still youthful and throw out the kinds of lava which harden into the black rock called basalt. If the Hawaiian volcanoes follow the usual rule, this basalt lava gradually will be replaced by kinds of lighter color, offering also in chemical composition, and hardening to rocks called trachytes. This is the usual history of volcanoes everywhere and all of the benefits from "hot volcanoes" are of much the same chemical composition all over the earth. For some reason which geologists do not understand, it is the lighter colored lavas from older volcanoes which seem to be associated with valuable deposits of gold and other metals, probably brought up by the lavas from deep in the earth's crust. If geologists knew exactly what the volcanoes emit these different kinds of lava at different ages they might be able to find out where to search for mineral deposits still unborn or even about how to make volcanoes erupt.

## Report Shows Increase of Radio Users in Germany

Berlin.—German radio users increased by 100,000 in 1931, bringing the present total to close to 4,000,000, according to the annual report of the Federal Postoffice, which also manages Germany's telegraph, telephone and wireless services. Every radio must be licensed, the subscriber paying 500 a month. About 275,000 subscribers, however, were relieved of even this small fee. They are war cripples, the blind, hospitals and unemployed persons.

The Postal Banking Department also shows an increase in the number of accounts—1,314,000, against 922,254 in 1930—but a decrease of 41,500,000 in the volume of business, which amounted to \$30,000,000.

The number of telegrams declined 18 1/2 per cent, air mail 17 1/2, parcel post 2 1/2, and money orders 8 1/2. Air mail was carried approximately 21,000 miles over ninety-four lines. For the winter season—November through February—only twenty-three lines operated.

Do you know that a wine and food man does nothing for appearance, but everything for the sake of having a good well—Epictetus

## BABY FRETFUL, RESTLESS?

### Look to this cause

When your baby fusses, cries and seems unable to sleep peacefully, look for one common cause, doctors say. Constipation. To rid quickly of the accumulated wastes which cause restlessness and discomfort, give a cleanser like Castoria. Castoria, you know, is made especially for children's delicate needs. It is a pure vegetable preparation; contains no harsh drugs, no narcotics. It is so mild and gentle you can give it to a young infant to relieve colic. Yet it is as effective for older children. Castoria's regulative help will bring relaxed comfort and restful sleep to your baby. Keep a bottle on hand. Genuine Castoria always has the name:

**CASTORIA**

ISSUE No. 5—'32

## Retrenchment Is Necessary Municipally and Governmentally

Montreal—Colonel W. H. Price, Attorney-General for Ontario, in addressing a meeting of fifteen hundred business men in the city of Toronto, in the Royal York Hotel, concurred in the policy of the Ontario Government with reference to retrenchment in expenditures, and pointed out that retrenchment was necessary in Municipal Expenditures as well as Governmental Expenditures. He also stated that in the retrenchment being enacted by the Government, members of the Cabinet would reduce their salaries, while it was also suggested that the Legislative Members' salaries be also reduced.

Colonel Price's speech came at a most opportune time, and he was warmly complimented, not only on his subject matter, but also on the clear, concise way in which he put his suggestions to his audience.

Here are a few of the high-lights from Colonel Price's speech: "The great prosperity in Canada and in Ontario during the past thirty years has opened up all to evolve and create, explore and develop. Not only has it been so federally and provincially, it has run through the whole warp of our industrial achievements."

"While federally and provincially finances are in a sound position, where all interest payments and revolving calls have from time to time been met and will be kept on a proper basis, yet in a number of municipalities, especially those which have extended very rapidly, where the population has increased and so many improvements had to be made in a short period, difficulties have arisen often in collecting the taxes and in meeting the obligations."

"We are not asking the municipality to do something. If the Province is not willing to try. In other words we will not set an example. For some time past there has been a Committee of Council, composed of the Treasurer, Messrs. Finlayson, Macdonald and Price, going into the ordinary expenditures of the Province with the idea, if possible, of cutting \$5,000,000 off our ordinary expenditures for 1932. The aim of this Committee has been to cut down expenditures so as to not throw men out of employment but at the same time retrench."

"The Government has had the approval of the Manufacturers' Association

## What New York Is Wearing

Illustrated Dressmaking Lesson  
Furnished with Every Pattern  
BY ANNABELLE WORTHINGTON

**Wild Geese at Night**  
(From Voices)  
The night was cloudy and windy and rain.  
Fingers tried the window pane.  
The out-of-doors was chilly evil.  
One might believe still in the Devil.  
Mechanisms and purposes.  
The earth rocked with safely strong

Suddenly, clear over all,  
Came the reassuring call  
Of mariners whose only chart  
Is an aching, hungry heart.  
Where only sails are grown so near  
Their blood beats in them all the year.  
The sailors with the necks so made  
That they can see them like a blade  
Were traveling without a light  
Chaos and the lawless night.

And people hearing them returned  
To the slumber they had earned.  
It could not be there was no goal.  
No plan to pattern, but a soul.  
Sitting calm somewhere above  
With palms above some lamp of love  
And planning now and hence their wings  
When those exquisite pairs of wings  
He had seen so long and right  
Helped one another in their flight.  
—Robert F. Triertram Collins

**Shelter**  
Here in the wood there is no snow—  
Only the faint, gray wash of wind.  
The crow's cry like the taste of bark:  
Here in the wood I go,  
Feeling the gentle flow  
Of pine waves breaking endlessly  
On air  
With tickling of the twigs beneath  
my feet.  
Here in the little wood I go  
Sheltered from snow.  
—Christy MacKinnon, in "Wind to the Green."

## You're Worried

When your child is sick you're terribly worried. Of course you can't always avoid sickness, but you can remedy and often prevent children's ailments with Baby's Own Tablets. They are the ideal medicine for children. Doctors prescribe them. Baby's Own Tablets reduce fever, allay colic, prevent constipation, soothe the stomach, and help to clear up colds. 25 cents a package at any drugist's.

## Veteran Railroader Gets Important Post

A railroad career that has seen many changes and covered much widely separated territory witnessed another movement in the transfer of Robert E. Larmour, general freight agent, Canadian Pacific Railway, from Montreal to Toronto, under an announcement dated January 1st.

Mr. Larmour has enjoyed a very wide experience in railway freight matters. Entering the Canadian Pacific Railway as a clerk in the superintendent's office at Port William in November, 1890, he was promoted chief clerk the following year and in 1896 became acting agent at Port William, being transferred back to Port William as chief clerk in 1902. The same year he went on agent to Port Arthur and in 1908 was sent to Vancouver as assistant freight agent at Vancouver and in that year was appointed freight claims agent Pacific division of the railway at Vancouver.

In 1905 he was freight claims agent at Winnipeg; in 1904 city freight agent at Winnipeg and the same year was promoted general freight agent at Port William. He acted in the same capacity during 1907 and 1908 at Nelson, B.C., and Winnipeg. In 1911 he was divisional freight agent at Vancouver and in 1914 was assistant general freight agent at Vancouver. In 1915 he was transferred to New York as general agent and in 1919 became general freight agent eastern zone, stationed at Montreal. In 1921 he was appointed acting assistant freight traffic manager at Montreal and since 1923 has been general freight agent at Montreal.

He is an enthusiastic yachtsman, hunter, and fisherman.

## Thoughts on Chance

There is no doubt such a thing as chance, but I see no reason why Providence should not make use of it.—W. G. Simms.  
How often events, by chance, and unexpectedly, come to pass, which you had not dared even to hope for.—Terence.  
Chance is always powerful let your hook always be cast in a pool where—Ovid.  
To say a thing is chance or casualty, as it relates to second causes, is not profane, but a great truth.—R. South.

## CONSTIPATION

Dismissed for 20 Years

No one could have had more experience of constipation than this man. His method of curing the trouble would surely put right anybody who suffers in a similar way.

"I am now approaching my 40th birthday and have used Kruschen Salts for many years. As a boy and youth I suffered at frequent times agonies from constipation. This was, after a time, somewhat relieved by a special pill compounded to a prescription, but which, at times, had a weakening effect. On someone's recommendation I tried a bottle of Kruschen Salts, and sure then—a matter of at least 20 years ago—have used nothing else. My daily dose I take in hot water at 7.45 a.m."

—E. A. D.  
The old salts in Kruschen are Nature's own prescription for keeping the organs of elimination working properly—gently but surely expelling all poisonous waste matter every day. Start on "The Little Daily Dose" of Kruschen tomorrow and so take the first step along the royal road to perfect health.

## Bilious For Days At Time Until She Took Vegetable Pills

Gratifying, Mrs. C. writes: "The first dose of your wonderful Carter's Little Liver Pills gave me great relief after every medicine I tried failed."  
Because they are PURELY VEGETABLE, a gentle, effective tonic to her liver and bowels, Dr. Carter's Little Liver Pills are without equal for curing constipation, acidity, headache, poor complexion and indigestion. 25c. & 75c. red pkg. everywhere. Ask for Carter's by NAME.

## When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food poisons. The corrective is an alkali, which neutralizes the acid instantly. And the best alkali known to medical science is Philip's Milk of Magnesia.

One spoonful of this harmless, pleasant-tasting water solution at once. You will never use other methods when you once learn the efficiency of this. Go, get a small bottle to try.

Be sure to get the genuine Philip's Milk of Magnesia prescribed by physicians for 50 years in correcting excess acidity. 50c a bottle—any drug store. (Made in Canada.)

## BEAMSVILLE

With all seats filled Monday night the 1932 council got away to a good start and at a special meeting appointed the village officials for the ensuing year.

The council committees were unanimously agreed on as follows: Finance and charity, Reeve Osborne; board of works, R. O. Wilcox; fire, street lighting and property, J. R. Kennedy; cemetery, J. G. Prudhomme; water-works, George Seymour; clerk, treasurer and superintendent of works, Albert Chalmers, at a salary of \$1,200; C. F. Van Every, assessor, salary \$100; E. E. Juhlio, chief of police, salary \$1,200; member of the board of health, Dr. W. Orth; fruit past inspector, William Butler; fence viewers, S. F. Rum, E. Keith and William Aske; pound keeper, Harry Miller; workmen, Geo. Willoughby and Harry Tufford, at salaries of \$75 a month each.

The engagement of auditors was laid over until the February meeting. An application for one of these positions was received from John Ritchie.

Licenses were authorized to one restaurant and one poolroom, all that were applied for. William Lucy asked for better lighting on his street and also that a lighter by-law be drawn to keep dogs from running at large at least six months in the year. R. O. Cooper was granted a building permit to make certain alterations in his hotel building.

The Wentworth Street Baptist church basketball team met defeat at the hands of the Men's Club, Monday evening by a score of 30-12 in an inter-church scheduled game.

The door of the Dominion store was forced sometime Sunday morning and the marauders got away with between \$40 and \$50 worth of tobacco and cigars. The same depredators damaged the door of Thomson's drug store. The wood was cracked around the locks, but the door resisted what appeared to be a vigorous attack with a bar.

At a sheriff's sale in St. Catharines on Saturday, the corporation bought in the twenty-five acres of rock and wooded land along the mountain face, west of the reservoir, and extending to J. D. Albright's property. The price paid was \$650, and had been held by a Mrs. Gillray. A valuable spring had been lately drilled on this property for the corporation and there were more indications of water to be found. There is also unlimited quantities of stone there available for road repairs. Five acres is tillable land and is planted in fruit. The corporation is now the owner of practically all the mountain brow facing the village for nearly a mile. In controlling this territory "the control of the water supply will never be in jeopardy as long as the springs hold out.

Rev. Geo. Barrow, principal of Lake Lodge school, Grimsby, will be the speaker at the monthly men's club dinner in Knox church, on Friday evening of this week.

Miss Ruth Hartwell, Toronto, was the guest of friends here on Sunday. Mrs. Bruce, Ontario street, has returned home after a two weeks' visit in Cleveland.

Miss Gladys Giff, was home from Toronto on Saturday.

Upwards of 200 growers turned out again on Friday night at the town hall and listened to M. J. Mahony, M. L.A., Arthur Crane and C. W. Bauer, on matters that will have a lot of bearing on the 1932 grape crop, as well as those years following. Mr. Mahony dealt almost entirely with the many trips in the growers' interests to Toronto and Ottawa last summer and since, in order to confer with the government departments on the native wine standardization. The present standard will be maintained by the health department, and the winners will turn out a better wine than they did before, said the speaker.

Sec. Mary Bauer, of the markets council, stressed the importance of growers of fruits and vegetables signing up the registration forms sent them. If the council is to function, said Mr. Bauer, the forms must be filled in. Prospects, he said, pointed to a better demand for grapes this year.

H. L. Crane, chairman of the council, told the growers to turn out in force to their annual meeting.

In a game of contract bridge at the home of John Powell, R. Stone held twelve aces in three consecutive hands.

The seventh annual meeting of the Niagara Presbyterial of the Women's Missionary Society of the United Church of Canada, was held at Knox church.

Officers elected were: Honorary

## The Week's News of The Surrounding District

presidents, Mrs. (Rev.) Thompson, Port Erie; Mrs. McCalla, St. Catharines; president, Miss M. Mitchell, Niagara Falls; vice-president, Mrs. L. B. Tufford, Beamsville; Mrs. Ditz, Port Hill; Mrs. George Gordon, Port Dalhousie; Mrs. G. Utting, Niagara Falls; recording secretary, Mrs. L. Keila, St. Catharines; corresponding secretary, Mrs. T. Selker, St. Catharines; treasurer, Mrs. F. Hay, Niagara Falls; Christian service and finance, Mrs. Paxton, Niagara Falls; Y. P. secretary, Mrs. Charles Elliott, Fawcett; C. G. I. T. secretary, Mrs. K. T. Ellsworth, Ridgetown; mission hand, Mrs. Budden, Niagara Falls; assistant, Mrs. Wynne; assistant helpers secretary, Mrs. W. Scott, St. Catharines; supply secretary, Mrs. Thorburn, Niagara Falls; temperance, Mrs. W. J. McMillan, St. Catharines; Missionary Monthly and Literature, Mrs. W. E. Glennie, Niagara Falls; press, Mrs. F. C. Ward, Welland.

## WINONA

St. John's Women's auxiliary held a special meeting for sewing at the home of Mrs. J. E. Henry on Tuesday afternoon.

The old H. G. & B. freight and express shed at Winona has been sold and is being removed. Slowly but surely the old line is disappearing.

R. O. Y. Almslie, who has not been able to assume his usual duties as teacher of the Bible class of Fifty Sunday school this winter on account of ill-health was presented with two plants last week, one from the Bible class and one from the executive of the Sunday school. It is hoped Mr. Almslie will soon be able to be out again.

It is reported that thieves have been busy helping themselves to the copper wire on the old H. G. & B. lines and Hydro workers are busy salvaging some of the wire.

Fifty church was filled to capacity Sunday, January 17th at the regular meeting of the Y. P. L. and the congregation heard a special treat when the children's choir of 75 boys and girls of Grimsby, under the leadership of Gordon Eaton, sang several very well rendered selections and led the singing of the service. The meeting was in charge of the president of the Young Men's club, Bill Hunt, and the president of the Y.P.L., Harold Knox. Mr. Lattimore of Hamilton, gave an inspiring address.

The annual meeting and election of officers of the Ladies' Aid of Fifty United church was held at the home of Mrs. D. Jacobs last week. There were about 30 present. The treasurer's report showed the society had a successful year with receipts of \$263.40 and disbursements of \$246.75. Rev. J. W. Hunt presided over the election of officers, the following being elected: — Mrs. W. B. Bridgman, honorary president; Mrs. R. Almslie, president; Mrs. Martin, first vice-president; Mrs. Davis, second vice-president; Mrs. A. M. Cocks, secretary; Mrs. H. Walters, treasurer; Miss Helen Bridgman, convener of flower committee; Mrs. Henderson, convener of dining room committee; Mrs. E. Walters, with Mrs. A. I. Fletcher as assistant, convener of kitchen committee; Mrs. Henderson, convener of visiting committee; Mrs. H. Barnard, convener of program committee.

The meeting closed with a social half-hour, lunch being served by Miss Jacobs.

An unusually large number of parishioners attended the annual vestry meeting of St. John's church, held in the hall on Monday evening. In common with the other churches throughout the diocese, St. John's was also able to present reports remarkably well maintained, as compared with former years, in spite of the economic conditions.

The announcement by Rev. D. H. MacLennan that he had asked the bishop to have him transferred to some other parish was received with deep regret, and on behalf of his many friends in Winona Charles Best thanked the rector for his steadfast Christian work here, and wished him god-speed in whatever field he might be called. Preceding with the election of officers, the congregation, in no uncertain manner, showed their appreciation and confidence in Col. A. A. Smith as people's warden by unanimously tendering him that office for the seventh consecutive time.

The results of the other elections are as follows: Duplex envelope recorder, William Kinloch; chancel clerk, Messrs. MacKay, Birt, Lewis, Kinloch, Basely; auditors, R. B. Basely and J. B. Fuddicombe; lay delegate, George Glidden; substitute lay delegate, Fred Colebrook; sidesmen, Messrs. Tibbitt, Best, Forbes, Fuddicombe, Bradshaw, MacKay, Biggar, Basely, Cliff, Allan, Kinloch, Young, Lewis, Acres, Colebrook; advisory board Messrs. Colebrook, Biggar, Mac

Kay, Henry, Glidden, Fuddicombe; the wardens, lay delegates, duplex envelope recorder, vestry clerk and a representative from the women's auxiliary, junior auxiliary, Sunday school and choir.

## VINEMOUNT

Mrs. Bernice V. Taylor, who came from Lynden to take charge of the public school here in Jan., returned on Friday evening to the annual banquet and installation of officers of Lyndock O.E.S., when she acted in her official capacity as P.M. Mrs. Taylor was presented with a beautiful electric lamp.

The January meeting of the Women's Institute had a splendid attendance of forty-two at the hall on Thursday afternoon.

An excellent program was presented at the Vinemount Literary society on Friday evening.

A debate, Resolved That Clothing of Both Sexes be Standardized, gave considerable amusement, as well as information. The affirmative was upheld by Miss Barbara Neale and Philip Shuler and the negative by Miss Corn Neale and Lewis Hawkey. By a narrow margin the judges awarded the decision to the negative.

The Uxtonmoot club met in the hall on Thursday evening, when 15 tables played. The prizes were awarded to Mrs. J. Johnston, first, and Mrs. Ellis Travis, second, for the ladies, and J. Johnston, first, and H. Southward, second, for the men.

## ONCE OVER ON SPORTS

## GRIMSBY LOSES GAME AT NIAGARA FALLS

We had another game of hockey Tuesday night down at Niagara Falls and according to reports Niagara won by a score of 8 to 6. We think that there is only one way to express it. We heard a remark that the Grimsby team (blown) in the third period and the reports of the game would give us that impression. Every team has its faults and without criticizing any one player, but as a whole there is no fight shown in the front line. This is not one opinion but a general thought and the manner that punch is injected into the game by the Peach Kings the better the game will look.

"No Mr.", we are not weeping. This Grimsby team has shown they are just as good and playing just as good hockey as any other team in the league. For instance, Port Colborne walks into Niagara Falls for a 3 to 0 score, then Niagara Falls walks into Port Colborne for a 4 to 0 score, so put this in your income burner. That old stuff about this was the game they had to get off their chest; well they got it off and no complaints are able to offer. It's simply one of those games which has now passed into history and just another night.

Next Friday night will see another game when Niagara Falls will be here and if anybody has a nickel or the odd dime "let lay it two to one that the Peach Kings will win and this is not a lot of money, but the Kings are due for a win.

A lady suggested the other day that instead of calling this Grimsby team

Peach Kings call them the Scumage Kings because Bert Scumage and Roy St. John are both on the executive.

One of the losses was not with the team Monday night. Harry (Red) Reid is laid up with a bad cold. This may be one of the causes for losing but Pop Shephard was with the team and no doubt with his past hockey ability he will talk it over with Red and they in turn will find out where to strengthen the team.

The Peach Kings have adopted the first lines of a well known song, "Fight the Fight with all thy might." They tell us that Dyke Lawson played himself right into the ice at the Falls Monday night trying to put his team out in front but it could not be done.

How about this for an allard. The Peach Kings arrive in Niagara Falls at 7.45. The ice was not ready, so he sat in the dressing room; the team had to wait for heat. This came in time. They got all ready for the usual workout before the game and the

lighting system went blooey and the game got away to a start at 9.15 p.m. This would have a tendency to demoralize any team. Game 2 or at 11.15 p.m.

Then of course some of our opponents will criticize the way our arena is conducted, "Ho Hum."

Monday night we play Port Colborne here. This should bring out a big crowd.

## FULTON - GRASSIE W. I.

Mrs. Fred Walker, of Grimsby was hostess at the January meeting of the Fulton and Grimsby W. I. instead of Mrs. Game as scheduled, owing to bad roads. In the absence of the president the meeting was in charge of vice-president, Mrs. Joann Merritt. After the opening exercises the business on hand was discussed. Arrangements were completed for a quilting to be held Wednesday p.m., January 27, for which Mrs. Aubrey Walker kindly offered her home. The secretary was asked to write for instructions for

shipping a quilt to the west. Mrs. Spencer Merritt read a splendid paper which she had prepared on "Immigration." Information and figures were given which show the fluctuations of immigration in Canada during the past fifty years. Miss St. John and Mrs. F. E. Duck added to the afternoon's entertainment with recitations and Miss Marion Walker gave a reading. Mrs. Merritt offered a variety of recipes, household hints, clippings and jokes. A contest conducted by the Misses Marion and Mary Walker showed plainly how few know their berries." Mrs. F. E. Duck won first prize while second went to Mrs. R. Walker.

## New Issues

\$25,000,000

## Province of Ontario

5½% and 6% Debentures

(Non-callable)

\$ 5,000,000 6% Issue, dated February 1, 1932 Due February 1, 1935  
\$20,000,000 5½% Issue, dated February 1, 1932 Due February 1, 1947

Principal and half-yearly interest (February 1 and August 1) payable in lawful money of Canada, at the office of the Provincial Treasurer in the City of Toronto, or in the Cities of Montreal, Ottawa, Winnipeg, Vancouver, Halifax or Saint John, N.B., at the holder's option. Debentures of the 1935 maturity will be payable at the principal office of The Bank of Nova Scotia in each of the above-mentioned cities and will be issued in the denomination of \$1,000; and Debentures of the 1947 maturity will be payable at the principal office of The Bank of Montreal in the above-mentioned cities and will be issued in denominations of \$1,000 and \$500. Provision will be made for registration as to principal.

Legal Opinion: E. G. Long, K.C., Toronto.

These Debentures are direct obligations of the Province of Ontario, and are payable, principal and interest, out of the Consolidated Revenue Fund of the Province. The proceeds of this issue will be applied in the funding of temporary borrowings for Hydro-Electric Power development and transmission, highways construction and other purposes.

The Province of Ontario is the wealthiest and most populous Province in the Dominion of Canada. Abundance of water power, excellent railroad and highway transportation facilities and a plentiful supply of raw materials have fostered a steady expansion both industrially and commercially. Ontario leads in mineral production, and in the volume of manufactured products; it ranks first in value of field crops and second in the value of forest products.

We offer these Debentures, if, and when issued and acquired by us, and subject to approval of Council.

It is expected that Debentures in favour from will be ready for delivery about February 1, 1932.

PRICE: { For the 1935 Maturity 100 and accrued interest, to yield 6.00%.  
For the 1947 Maturity 98 and accrued interest, to yield 5.90%.
